Summary

Creative and detail-oriented IT undergraduate with a passion for full-stack web development. Proficient in modern technologies including React, JavaScript, Node.js, and Tailwind CSS. Experienced in implementing best practices for coding and scalability. Strong background in both front-end and back-end programming, focused on delivering high-performance, scalable solutions. Excellent communication skills and a collaborative mindset, adept at working in dynamic, team-oriented environments.

Education

AJAY KUMAR GARG ENGINEERING COLLEGE

B.Tech in Information Technology

2022 - 2026

Vivekanand School

CBSE - PCM

2020 - 2022

Adharsheela Global School

CBSE - 10th

2012 - 2020

Skills

Languages: Javascript • Java • C • SQL

Frameworks/Libraries: ReactJS • Redux • NodeJS • ExpressJS • Tailwind CSS • SASS

Tools: Github • MongoDB • VS Code • Postman

Web Technologies: HTML5 • CSS3

Projects

Klinik

11/2024 - 12/2024

Designed and developed a full-stack web application enabling users to book real-time appointments with doctors. Integrated user authentication, dynamic scheduling, and a responsive interface, ensuring seamless appointment management for both patients and healthcare providers.

VideoHub

09/2024 - 11/2024

Built a dynamic web application that allows users to search, view, and interact with videos using the YouTube Data API. Designed a responsive and user-friendly interface, ensuring seamless navigation and optimized performance across devices.

VeloCity

11/2023 - 02/2024

Developed a web application for ride-hailing services, enabling users to book rides, track locations in real-time, and view trip details. Implemented a user-friendly interface and integrated mapping APIs for seamless route optimization and navigation.

Certification

Full-Stack Development - Coursera

Data Structures & Algorithms - LeetCode
